

CONSTANTIN GORGES, INC.
DESIGN & DECORATION

October 11, 2010

To whom it may concern:

This letter is my personal recommendation for Adam T. Winton. Mr. Winton has been our network administrator and web designer for over 5 years and has been consistently pleasant and extremely competent, tackling all projects with dedication and hard work.

Besides being a joy to work with, Mr. Winton has successfully maintained our office network running at utmost efficiency and has always made himself available for troubleshooting and technical consultations.

I highly recommend Mr. Winton for employment. He is a team player and would make a great asset to any organization.

Sincerely,

A handwritten signature in black ink, appearing to read 'Constantin Gorges', with a long horizontal flourish extending to the right.
