To Whom It May Concern:

This is my business letter of recommendation for Adam Thomas Winton. I have been acquainted with Tom (Adam) for more years than I can remember. He is a person of high standards and endless enthusiasm to learn and be creative.

I have been a client of Tom's *Design A lot Tech Services* since our first meeting. I rely on him for constant upkeep of my business and personal computers. I always feel very confident that he will resolve any computer problems/issues/challenges that I may have. He is a take-charge person who is able to present creative solutions and communicate their benefits in language that I can understand.

Tom has always responded quickly to my requests and he has never left a job incomplete. He prides himself on perfect service and will never stop short of completing his tasks.

I highly recommend Tom for employment. He is a team player, a problem solver and will be an excellent asset to any organization.

Please feel free to contact me with any additional questions you may have.

Enjoy your day!
