

October 8, 2010

To whom it may concern,

I would like to take this opportunity to rave about the quality of service provided by Tom Winton. We have utilized his services for several years now and he has always gone above and beyond what is expected. The quality and timeliness of his work are only matched by his personal approach which makes all customers feel like long-time friends.

Tom has provided technical and design services to Lamb of God Ministries, Inc. His work has been a huge benefit to both our outreach ministries as well as our state-licensed substance abuse treatment facilities.

I have personally also used Tom's services in my role with the Rotary club's international relief efforts in Haiti and for my personal equipment as well.

In all cases Tom has provided top-notch service with unbelievable turn-around times. I would gladly recommend him and his services to anyone fortunate enough to have him in their service or employ.

Sincerely,

A handwritten signature in blue ink, appearing to read "Lyle R. Fried", is written over a light blue horizontal line.

Lyle R. Fried, Director  
Lamb of God Ministries, Inc.
