To Whom It May Concern:

My name is Paul Kim, a retired university professor with distinction. I have enjoyed having the Winton's family across the street.

Tom is so particular and significant, in that he is a wonderful and loving father. He is a diligently hardworking family man. Also, he is very knowledgeable about his career technology, much more advanced beyond my comprehension.

Tom graciously accepts my helpless calls and visitations and stupid questions RE computer technologies, PC in particular, although my problems may be construed as so unintelligent and com-illiterate. He is a very person of sincere understanding with perseverance. He also is so kind and commits his total mental/physical capacities into the problems brought in by his customers and friends.

Tom is so professional and courteous, that he makes people always feel accepted and at-ease. Plus, he is honest young man of principle and integrity.

We, the community residents of PSL, need more of Mr. Tom Winton. I assure you that, when anyone employs him, we are winners, both your company and my locale. Please advise me should you require any further assessment of Mr. Tom Winton.

Be prosperous locally and region-wide. Welcome to PSL, FL.

Sincerley,

Paul K.H. Kim, PhD
Distinguished Professor Emeritus
Fulbright Senior Scholar, USA
