

To Whom It May Concern:

I am writing this letter of recommendation for Tom Winton.  
I first approached Tom through his design a lot business.  
He set up an excellent customized website for my Company.  
His fee was also very reasonable.

Tom proved to be very helpful throughout all phases of development.  
The results have been improved business.  
Tom was also very innovative in enhancing my website appeal.  
He integrated all aspects of what I was looking for.

The results have customers finding it easy to navigate the  
Website, and for myself to communicate with their needs.  
Tom has also has been attentive in following up with any questions I may have.  
He answers all of my concerns through his hosting service.

To sum up, in my opinion, Tom Winton would be a valued member of any  
enterprise.

Sincerely
