

To Whom It May Concern:

It is my pleasure to have the opportunity to tell you about Tom Winton. I have known Tom for over ten years, having met him at work when we were both at Southeastern Printing in Stuart, FL. He was always very helpful and knowledgeable about all things computer, and was the go-to guy for problem-solving and special projects.

Tom left Southeastern to work free-lance as a web designer and to build custom computers, both Mac and PC, for clients. When it came time for me to build my own web site, I naturally went to Tom, who still maintains and hosts my site. He is always extremely helpful and right there to get me out of technical jams when I get to a point where I can't move forward, even long-distance.

I highly recommend that you consider Tom for a position with your company. Please feel free to contact me if you have any questions.

Sincerely,
