

## LETTER OF RECOMMENDATION – 10-06-2010

It is with great pleasure that we offer this Letter of Recommendation for Tom Winton, owner of DESIGNALOT.

Tom has helped us with our business computer problems and networking system over the years. Just last year, when our main computer failed to boot up, we called Tom for assistance. He came to our shop to troubleshoot the machine, took it back to his office to replace the failed hard drive, installed the programs on the new drive, and had it back to us in the early afternoon. Essentially no downtime for our business.

Tom is hardworking, has a strong sense of responsibility, is dependable and, above all, he's honest. He would be an asset to any computer-related business.
